

Elij - ~~see~~ someone asked me about the funeral <sup>11</sup> 5  
I wouldn't talk - said "he's not dead"

I didn't want to initiate conversa -  
leave them free to talk - some silence -

around 3:00 Warden told them time to leave

R gave them his possessions - 2 pellam

cases  
some books - waiting for inventory to sign  
waiting in lobby - Mikey "these peo ought to  
get organized"

Todd cries - take outside

I looked at pillow-cases

Elij - crying a little - have arm around her  
R's attitude gave strength -  
"I'll call you" - won't say goodbye

Family left - wave of fear -  
don't really know R that well

what if he falls apart?  
How could I help him?

Fear right below the surface -

R - calm, low keyed - very present  
made me smoke whole cigar (10yrs)  
JUNIOR - me + my cousin smoking behind  
the house
